# DON'T BUY IT, LEASE IT!

Get the equipment you need  
now and 'pay-as-you-earn'

A lease agreement from CF Capital can give you the equipment you need today. Spreading the cost will give you instant access to new equipment. When you weigh up the benefits it is easy to see why businesses both large and small are choosing to lease.

## The benefits of leasing with CF Capital

- ✓ All payments 100% allowable against pretax profits
- ✓ Instant access to the latest technology
- ✓ Keeping your cash in the bank - improving cashflow
- ✓ Fixed interest rates allowing for effective future budgeting

## Easy finance with CF

We make leasing simple.

Our helpful and experienced staff combined with clear easy-to-use documentation means that a CF Capital agreement is always a painless process.

Our competitive rates and quick turnaround will give your company the equipment you need to grow and prosper.

# Introducing our NEW Supplier POWER PROBE!

## Power Probe 4

PWPPP401AS

ONLY  
**£204.95**  
 +VAT

The Power Probe 4 provides the ability to supply power and ground plus 8 additional diagnostic testing modes, to provide the Auto Electrician with detailed information, on all the circuits and signals being tested.

- Live resistant test
- Auto ranging
- Water and solvent resistant
- 8 diagnostic modes
- 12-24 Volt range
- Compatible with all Power Probe test leads and accessories

- Tests:
- ✓ AC Volts
  - ✓ RMS & Volts
  - ✓ P-P
  - ✓ Resistance
  - ✓ Hertz
  - ✓ Frequency and pulse width
  - ✓ Fuel injectors
  - ✓ Module drivers

ONLY  
**£129.95**  
 +VAT

PWPPP319FTCRED

## Power Probe 3

Working off 12v and 24v power sources the Power Probe 3 has the ability to apply power and ground for functional component testing. Using an auxiliary ground cable to check continuity and test components, in situ or on the bench.

- Kit contains;
- ✓ Power Probe 3
  - ✓ 2 x 6m standard power cables
  - ✓ 75mm ProbeTip
  - ✓ 12v Power adaptor

WORTH  
**£23.95**  
 +VAT

## The Probe

PWPPPTACT1CS

ONLY  
**£30.95**  
 +VAT

The probe is a 12-volt test light with haptic feedback, this tool vibrates and lights-up when voltage over 12 volts is detected. When a voltage is below 12 volts, it functions as a standard test light.

A green LED illuminates when good ground or good continuity is detected, and a blue light illuminates when a bad ground or excessive resistance in the circuit is detected.

Good Ground = **GREEN** Bad Ground = **BLUE**

## Short/Open Finder ECT3000

PWPPPECT3000

ONLY  
**£149.95**  
+VAT

- Makes locating shorts and opens quicker and more accurate than ever before.
- Finds breaks in wires and locate shorts without removing panels, mouldings or carpets.
- When the ECT3000 transmitter is connected to an isolated circuit it will quickly determine if it has an open or if the circuit is shorted to ground.

12V  
**£16.95**  
+VAT

USB  
**£16.95**  
+VAT

## 12V & USB Mini Probe

PWPTST12V

PWPTSTUSB

These socket testers are a quick and easy way to test a vehicle's accessory outlets. They light up if the port is working and don't if the port has a problem.

**BEST SELLER**

PWPTSTUSB

PWPTST12V

## CAT IV Multimeter

PWPPDMM

ONLY  
**£112.95**  
+VAT

The hybrid-safe Cat IV 600V automotive digital multimeter is versatile, accurate and rugged with a large LCD screen and bright backlight.

Includes K-Type temp probe for accurate temperature readings.

ONLY  
**£30.95**  
+VAT

## Temperature Kit

PWPTEMPKIT

The Temperature Kit is a dual-zone digital thermometer that comes with a base unit and wireless temperature probe.

An optional additional wireless probe can be paired with the base unit so up to 3 readings can be measured.

**BEST SELLER**

Additional temp probe sold separately  
Part No. TEMPPROBEE

## DC Volt Tester

PWPPPTVM01

ONLY  
**£20.95**  
+VAT

This DC Volt Tester is an easy-to-use tool that can quickly test for voltage.

Perfect for testing batteries, lighting systems, trailer connections and much more.

The LCD displays from 5V to 35V.

# INSPE X

# DIAGNOSTICS EQUIPMENT

## Diagnose ✓ Research ✓ Repair ✓ ALL-IN ONE!

KTS 560/590

BSC0684400560/590

- Optimally suited for the use of the diagnostic software ESI(tronic)2.0, the Bosch KTS 560 & 590 can operate several vehicle interfaces in parallel so vehicle manufacturer portals for diagnostics and reprogramming according to Euro 5/6 (PassThru) can be operated efficiently
- The module is Diagnostic over IP (DoIP) ready with ethernet interface, along with 2-channel oscilloscope (only with the KTS 590) and multimeter
- Bluetooth class 1 (up to 100m in range) It is a must for the ambitious workshops
- Software subscription required (see page 7)

WIFI

4GB RAM

256GB SSD SYSTEM

- Mobile all-round solution for control unit diagnosis, trouble shooting, repair and maintenance
- Delivered plug and play with Window 10
- Pre-installed ESI(tronic)2.0 software - ready for licensing (based on your needs)
- It has an integrated ethernet interface (DoIP), which opens up for the possibility to transfer data up to 100 times faster, compared to previous CAN technology
- Regular online updates available
- Software subscription required

**5X FASTER**  
THAN IT'S PREDECESSOR!

### KTS 250: Diagnostic Scan Tool

BSC0684400250

Bosch KTS 250 tester for mobile and quick ECU diagnosis with intuitive user interface and easy handling

**ENTRY LEVEL**

- Entry-level device for quick ECU diagnosis
- Modern Android-based user interface for user friendliness
- Future-proof thanks to integrated DoIP ethernet interface
- Auto VIN identification: coverage of more than 150 brands
- Fully automatic vehicle identification
- A fast overview of systems and stored trouble codes
- Scan multiple ECU's simultaneously
- Easy to navigate service task menus
- Software subscription required

**3 YEAR WARRANTY**

**OPTIONAL:**  
4-Post lift up to 6.5m long  
Recessed or surface-mounted lifts  
40" wall-mounted TV  
Brake tester adapter kits for motorbikes

All Crypton full ATL packages include:

- Lift (4-Post, dual revenue lift for wheel alignment or scissor) or pit lane
- Attractive checker plate surface
- Market leading smoke and gas emissions tester
- Control centre with Windows 10 PC, 23" screen, mouse, keyboard and printer in a mobile cabinet
- MTS 'Connected' automated brake tester
- Brake tester adapter kit for 4x4 vehicles
- Brake tester cover plates

- Turntables
- Wheel play detectors (wireless with Scissor lift)
- Brake pedal depressor
- Two convex mirrors
- Laser aimed headlight aligner
- First 6 months of calibrations included for emissions tester, brake tester and headlight aligner
- Project manager, consultation, measuring, CAD drawing service, delivery and installation

**COLD GARAGE? Condensation is the main cause for emissions testers failing.**

## CCP800 Smoke and Gas Emissions Tester

**CRYA2C1952/8000/7900**

Crypton's CCP800: The market leading smoke & gas emissions tester

- Euro 6 compatible
- Approved as DVSA connected equipment
- Smokemeter (available as cabled or bluetooth)
- 4 gas analyser
- Oil temperature probe
- Battery RPM measurement (OBD option)
- Operates the brake tester (when purchased)
- All housed in a quality mobile cabinet with a large 23" screen for clear visibility, Windows 10 PC, printer, mouse and keyboard with a dust and grease protective cover
- 3 year manufacturer's warranty
- Service and calibration options available
- Manufactured and supported in the UK

**SERVICE & CALIBRATION CONTRACTS:**

- Annual calibration contract - 2 gas and 1 smoke over 12 months.
- 5 year extended care - extended warranty, calibrations (as above), routine consumables and MOT data updates

**£1060**  
 +VAT

EAE-3096V2

## EAE Wheel Balancer

Technical Data	
Max. wheel weight:	65kg
Max. rim diameter:	10" - 24"
Max. rim width:	1.5" - 20"
Balancing speed:	220rpm
Balancing accuracy:	1g
Power supply:	220V
Motor power:	0.2KW
Noise level:	<70dB

- For passenger car, motorcycle and light commercial vehicles
- Hand-operated distance & wheel diameter input
- Various balancing modes
- Self-calibration & diagnosis
- Plastic safe-guard works as the Start/Stop button while balancing the wheel by pulling the guard down/up
- Optional universal wheel flange, motorcycle adaptor and large centring cone
- Max. wheel weight: 65kg
- Max. rim diameter : 10" - 24"
- Max. rim width: 1.5" - 20"

## EAE Tyre Package

EAE-TYREPACKAGE

**ONLY**  
**£2295**  
 +VAT

The EAE EE-4880ID wheel balancer and EE-3096V2 tyre changer make up EAE's fantastic new tyre package, buy both for a discount price.

- EAE-4880ID tyre changer with assist arm
- EAE-3096V2 wheel balancer

**WHY NOT...**  
 Add a lift and complete your tyre bay?  
 Check out a few in the range on page 10.

## 3D Bluetooth Wheel Aligner

**AALBLUETOOTH3D**

**ONLY  
£9995  
+VAT**

The Bluetooth 3D wheel aligner features towerless technology which can be used without a dedicated alignment bay.

- Check front & rear toe, camber, caster & thrust angle
- ADAS hardware compatibility built into software
- Shoot and go vehicle recognition via your smartphone
- Huge online vehicle database
- OEM approved

**ONLY  
£6850  
+VAT**

**AALBLUETOOTHPRO**

## Bluetooth Pro Wheel Aligner

The Bluetooth pro wheel aligner is Absolute Alignment's top-selling wheel alignment solution. Easy-to-use features make it the ideal 4-wheel aligner for any bodyshop or workshop looking for a great value machine.

- Wireless charging
- Cable-free Bluetooth operation
- Integrates with your ADAS hardware
- Check front & rear toe, camber, caster & thrust angle
- Optional "pro" wheel clamp upgrade comes as standard
- Speedy operation for "speculative" checks
- OEM approved

## 2-Post Adaptor Kit

**AAL2POSTADAPTORS**

**ONLY  
£495  
+VAT**

Turn your 2-post lift into a full wheel alignment centre with this adaptor kit.

- Compatible with Bluetooth pro wheel aligner
- Unique design
- Brings wheel alignment profits into the reach of more workshops
- Durable and strong
- Easy to use
- Quality manufacture from the alignment company you can trust
- Alignment stands (AALSTANDS) also available

## Pneumatic Coil Spring Compressor Workstation

**SYK385800SPP**

**ONLY  
 £1795  
 +VAT**

Sykes-Pickavant's pneumatic coil spring compressor workstation is a universal piece of equipment for assembling and disassembling struts and coil springs on cars, 4-wheel drive vehicles and light commercial vehicles.

- Extra heavy-duty
- Safety switch prevents operation when gates are open
- Adjustable strut vice with 4 x setting options
- Interchangeable jaws/vice to suit different springs
- Unique double depth front plate
- Length of travel: 330mm
- Up to 2452kg of force (at 10 bar)
- Top arms & jaws adjust and lock to secure spring
- Automatic jaw levelling
- 4 x floor mounting holes
- Includes 2 x standard brackets: 78-130mm & 105-182mm

**FREE PRODUCTS INCLUDED**

### Adaptor Bracket Set

**SYK38780100**

Suitable for Mercedes C-Class (up to 2007) and compatible with new range of Mercedes brackets

**WORTH  
 £185

## CTR Kristal Base

**COLCE92009KB**

The Kristal Base service station has the latest technology from CTR giving reliable, servicing of R1234yf air-con systems.

- 10 Litre cylinder capacity
- 1 electronic scale for gas
- Automatic oil/UV dye injection
- Self service replacement filters
- 2.5m charging line with couplings
- Refrigerant tank lock
- Programmable process
- High level accuracy on recovery [+/- 3g] & charge [+/- 1g]
- 70 L/min vacuum pump
- Comprehensive vehicle database
- Thermal printer

## CTR Kheos Plus

**COLCE92006KP**

The Kheos Plus service station is an automatic machine produced by CTR giving cost effective servicing of R134A air-con systems.

- 'Plug & Play' functionality
- Automatic recovery/vacuum/charge process
- Hybrid compatible
- 10kg refrigerant cylinder
- Easy read pressure gauges
- Automatic oil discharge
- Fully automatic oil injection
- 100 L/min vacuum pump
- 400g/min recovery pump
- Counters for machine servicing
- Comprehensive vehicle database
- Thermal printer

## DIAGNOSTIC SOLUTIONS FROM TEXA

TEXA's diagnostic solutions are based on the powerful AXONE Nemo display units and on the robust NAVIGATOR TXTs vehicle interface. These devices connect and communicate with the vehicle's electronic control units and guarantee levels of speed and performance that are simply unrivalled in the world of multi-brand diagnostics.

TEXA devices provide unique support for today's vehicle technicians and also stand out for their ease of use and versatility. All TEXA interfaces are fully compatible with standard personal computers.

**IDC5 SOFTWARE: Diagnosis without frontiers**  
 IDC5 is the latest generation of TEXA's renowned operating system and another step forward to assist technicians. Thanks to major improvements in code the new system is faster than ever and guarantees virtually instant communication with a vehicle's control units.

### Texa Commercial Propack TXAUKD22/12/02

TEXA Commercial Propack includes the NAVIGATOR TXTs, the new Axone Nemo, truck cable case and trailer cable case.

The NAVIGATOR TXTs is a powerful diagnostic interface that can connect over a Bluetooth link the extraordinary AXONE Nemo, the most advanced and complete display unit currently available.

Included vehicle types:  
 Truck, coach, bus, LCV, trailers, power trains  
 Available with 1 year (TXAUKD2212) or 3 year software (TXAUKD2202)

**Package Includes:**  
 Axone Nemo (inc. IDC5 premium truck software), Navigator TXTs (vehicle interface), eTruck Modules x5, EBS trailer cable case, standard truck cable case, truck power supply kit & Axone Nemo stand.
